

## News Release from Sally Keeble

### Labour parliamentary candidate Northampton North

Feb 18th 2019

#### **Taking the fight to the Tories in Northampton North**

Here in Northampton North we are right at the forefront of the fight to get rid of this awful Tory Government. People in Northampton have suffered appallingly as a result of Tory policies nationally as well as the scandalous mismanagement of the local Tory councils.

Just today the Tory MP for Northampton North has been trying to claim the Tory Government is tackling the root causes of the rise in the use of food banks, when we all know that the Tory Government **IS** the cause of the rise in the use of food banks. Not to mention the damage the Tory Brexit bungle is doing to our country.

Today's decision by the seven MPs to resign from the Labour Party sets back the cause of getting a Labour government. Whatever their past contributions in political life, it was a terrible mistake on their part, especially at a time of such national crisis.

Our focus here in Northampton North must be on taking the fight to the Tories on homelessness, child poverty, the NHS, the state of our town and the prospects of a better future with a Labour Government.

**Ends**
